2019 - 2020

Creswell School District Bus Routes
Transportation Office # (541) 895-6009

School buses: Safest way to transport students

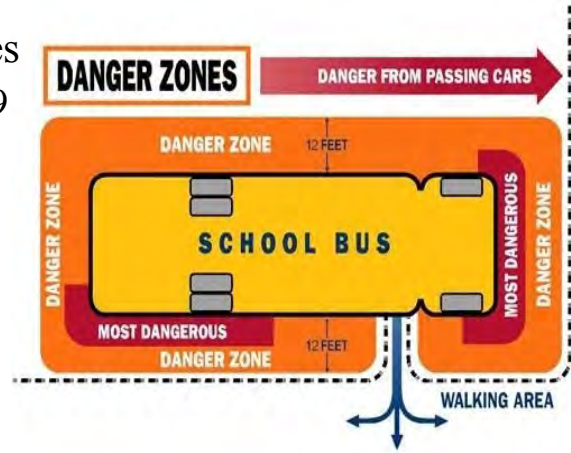

According to the latest statistics from the National Highway and Traffic Administration, riding a school bus to school is 7 times safer than riding in a passenger vehicle.

In addition, a single school bus can eliminate as many as 36 cars, reducing congestion around a school and also reducing the carbon imprint on the community.

Permission Note Required

For the safety of our students, we require a written note from a parent or guardian when a student needs to ride the bus to/from a stop other than their home stop. This note must include:

- * The date the student will ride
- * Student's name
- * Phone number where a parent/guardian can be reached
- * The name and address of the student they are riding with or the name and address of a contact at the alternate stop
- * A parent/guardian signature

Parents: What can YOU do to increase your child's School Bus safety?

Practice these reminders with your student...

- Be five minutes early for the bus in the morning.
- Talk to the driver if you are being bullied or if someone is making you feel uncomfortable.
- Stand 3 giant steps away from the curb or 5 giant steps away from the bus at all times.
- Be safe and respectful at your bus stop.
- Never cross the street in the "Danger Zone" (see above).
- Never cross the street before the driver has motioned to you that it is safe to cross.
- If you drop something near the bus, let the bus driver know before picking it up.

Adverse Weather Conditions

During adverse weather conditions, there are portions of Creswell School District bus routes that may become inaccessible to school buses. On days when those routes may not be safely traveled, an announcement will be made on local radio and television stations and posted online at the District Website or through the FlashAlert.net alert system. For more information on registering for the FlashAlert system, please see the Creswell School District Website. On inclement weather snow/ice route days, students will not be transported to and from their regular bus stop, but from an alternate stop as listed below:

ROAD NOT TRANSPORTED

- W. Tate Rd
- Deberry Rd
- Camas Swale/Hamm/Weiss/Danville
- Bear Creek/S. Bradford
- Dillard Rd above Hideaway Hills
- Rodgers Rd

ALTERNATE STOP

- Hwy. 99 and W. Tate
- Howe Lane and Deberry
- Camas Swale and Mickelson
- Cloverdale and Bear Creak
- Dillard and Cherry Hill Ln.
- Rodgers and Danstrom

In the event that bus routes are operating on a 2 hour delay, your student's pick up time will be exactly 2 hours later than their normal pick up time.
